Rivington House - The Nicholas A. Rango Health Care Facility - provides the crucial residential component for Village Care of New York's Network of AIDS Services, offering comprehensive clinical services in an encouraging and supportive environment.

Residential services are patient-centered and holistic, integrating state-of-the-art medical and complementary therapies. The entire person is treated with a wide range of services addressing the physical, mental and spiritual needs of persons living with HIV/AIDS.

Specialized Programs

Sub-Acute Care

Offers post-acute and transitional health services for conditions requiring more intensive observation and intervention.

Mental Health/Substance Abuse

Offers supportive therapeutic strategies for individuals with co-occurring conditions that adversely affect their well-being.

Methadone administration on-site.
